YOUNG ROSES

We will be ready to begin shipping young roses about November first. We shall have a large stock, a fine assortment of varieties and prices RIGHT for RIGHT STOCK.

All Our Roses are Grown On Their Own Roots And Are Far Superior To Budded Plants

They never Sucker or produce Wild Roses. Impossible to produce anything but the Genuine Variety. They make Shapely and Symmetrical Bushes for Lawn and Garden and are easily cared for.

•REMEMBER, all our wood for propagating is taken from blooming plants growing in the field. From experience we are certain that this is superior to the eastern proposition of taking wood from forced plants under glass.

If You Want The Best

And the Tender as well as the Hardy the right varieties —— well the man Who Knows is aware that you can only get them from

The California Rose Co. POMONA, CALIFORNIA

WHOLESALE PRICE LIST

REGULAR ANNUAL ISSUE, No. One JULY, 1912

FIELD GROWN ROSE BUSHES ON OWN ROOTS

Pomona is located 30 miles east of Los Angeles on the Southern Pacific and Salt Lake Railroads. Western Union and Postal Telegraph Companies. Telephone connection to our nursery.

We offer again this season the best, largest and most complete stock by long odds in the United States—including grades AA, A and B—and at prices which are RIGHT for right stock put up right by people who know how.

To the Trade:

We sincerely thank you who have purchased of us in the past and for your fair treatment and prompt liquidation of accounts. We solicit your future business, and assure you of our wishes to give you honest treatment and full value for prices charged every time. If you are not on our books as a customer, we want you there, and if you will favor us with at least a portion of your trade, we will try and demonstrate to you that we not only wish for your present, but future business from season to season.

OWN ROOT ROSES.

They are shapely and symmetrical and never run to wild roses. The principal stock used for budding is Manetti; this stock generally suckers quite badly, and its nature is to go dormant, or partially so, during the winter; therefore it impairs the blooming quality of constantly flowering sorts and is undesirable. With the amateur grower who does not understand the care of a budded plant he will naturally allow it to sucker; this will shortly run out or kill the variety budded in and he then possesses nothing but a wild rose.

We ship to nearly every state in the Union, and have no difficulty in laying plants down at the Atlantic coast in perfect condition. We have a special way of light packing for express shipments (without boxing) and can reach most distant points by this method of shipping in the same length of time mail would be in transit.

TIME OF SHIPPING, TRANSPORTATION, ETC.

If weather conditions have been favorable we usually begin digging stock the fore part of December. Some years it is not possible to begin digging until later. We usually ship up to April 1st. Orders booked and accepted are not subject to countermand under any circumstances, and all orders forwarded must be with this understanding.

ALL SHIPMENTS TRAVEL ENTIRELY AT EXPENSE AND RISK OF BUYER.

WE MAKE NO CHARGE FOR PACKING, BOXES, OR FOR DE-LIVERY TO FORWARDING COMPANIES. All quotations are on a valuation of \$5.00 per cwt. unless otherwise instructed by the buyer. Express shipments are forwarded at "General Special" rate, and do not have to be prepaid. The better way for shipping a few hundred rose bushes is by express; there is no delay, no cartage to pay, and considering that we can pack for express transportation without boxing (freight shipments must be boxed), the difference in the cost of transportation by express over freight on ordinary quantities is so small that one can hardly afford to bother with slow and careless freight transit. Remember, express rates are "General Special," and if your local express agent does not understand it, refer him to his head office for "General Special" rate on "Shrubbery" agreed to by all the leading express companies. A general assortment of varieties packed light will weigh in the neighborhood of 350 to 450 pounds to the thousand plants—A grade.

We have had many years' experience in packing for very long as well as short hauls and we think we know how, but if any buyer does not wish to take our judgment and desires us to vary from our regular mode of packing or give us any instructions about the same, it must be done at the time of making original order.

TERMS.

Terms of sale will be: Small lots cash with order; if ordered to be shipped "C. O. D." send one-half cash. To responsible parties known to us, terms will be 30 days from invoice; unknown customers, if immediate shipment is desired, should remit about one-half with order and submit bank references, thus avoiding delay in shipment. We desire to be entirely reasonable on terms of payment, but no fair-minded business man will object to our insuring ourselves against loss or slow accounts.

SUBSTITUTIONS

We do not substitute without permission. In case you would like a substitute rather than have your order shipped short, it is well to so properly designate the second choice on your order. This is to the interest of customers to remember when ordering well along in the season or the latter part of the season.

INSPECTION

NOTICE—Various states are enacting horticultural laws to suit their ideas and wishes—the same as our own state has done—and to avoid any misunderstanding we here give due notice that we will attach certificate of inspection to all shipments before they leave here (and which we are compelled to do), and there our responsibility ends; and if the shipment of said stock into your state conflicts with your laws in any way, or if your local "ins] ector" pronounces the stock subject to fumigation or condemns it, the matter is entirely with the buyer—the selling price must be paid us in full. Wherever asked for, we will furnish copy of Certificate of Inspection to the State Commissioner of Agriculture.

FACILITIES

We have an ample cellar and cool storage room for keeping stock in the best condition (superior to anything on the coast), and every plant is handled and packed under cover.

We are the only concern on the Pacific Coast in a position and with the experience to successfully ship roses four months of the year. PLACE YOUR ORDERS AT ONCE AND BE SURE OF A PRIME LIST.

Quite a number of our customers will call to mind that seasons when they have put off ordering until the season was well along, we have frequently been unable to supply their full wants, making it unpleasant for them and ourselves.

GUARANTEE OF GENUINENESS.

While we exercise every possible care and diligence to have our plants true to label and hold ourselves in readiness, on proper proof, to replace any that may prove untrue to label, without charge, or refund the amount paid for same, it is mutually agreed and understood between the purchaser and ourselves that this covers the full extent of our guarantee and responsibility in the premises.

COMPLAINTS.

If there are any just complaints to be made, of any nature whatever, the same must be forwarded to us immediately upon receipt of the plants.

GRADES

AA-This is EXTRA HEAVY, fancy graded stock, and parties having use for such should be handsomely pleased with what we ship.

A.—This is our regular grade, and we believe good enough for anybody anywhere. All varieties except Teas and Hybrid Teas 24 to 30 inches of wood or more; Teas and Hybrid Teas, 18 to 24 inches of wood, or more.

B.—This is a light grade stock, not good enough to go in "A," but no culls or trash. We consider this grade great big value.

C.—We also make a grade not good enough to go in "B," which we call "C" grade; these plants will include everything as dug which do not go in the better grades, they are good for lining out, potting, etc., and rousing good value for the figure we make.

ALL ORDERS MUST BE IN MULTIPLES OF TEN.

NOTE.—The sizes specified are as stock is dug without being cut back or pruned; for the welfare of the stock we sometimes prune some sorts when dug, and when stock is not shipped until well along in the season, we generally remove any wood which ought to come off. We call attention to this, as after being pruned, some sorts might run under the specified size for that grade.

B AND C GRADES will be subject to shipment whenever dug and sorted up. It is, of course problematical as to quantity we will have of grades B and C until stock is dug and graded, and orders for these grades will be subject to what we have—orders being filled in rotation according to when booked.

The old method of growing roses of distant varieties was by "budding"; that is to say, budding the desired species onto the root of a wild The most prominent rose growers of today are getting to grow rose. roses on their own roots, fully recognizing their superiority for the garden and lawn. With the average amateur rose grower, it is, in nine cases out of ten, a question of only a short time before "suckers" from the wild rose root of the budded plant will entirely run out the variety budded in; the planter then has nothing but a wild Manetti rose. Thousands of them have so turned out on this coast as well as throughout the country. Very often it happens that the shoot of the variety budded onto the wild rose will be broken off in packing or after planting, or for some reasons dies down; the plant is then entirely worthless. With an "own root" rose you may break it or cut it back clear down without harm, as in sprouting the genuine variety only will be produced. In cold sections tender sorts often winter-kill from the top down to roots; a budded plant in such case is thereafter worthless, but not so with an own root one. Many budded plants are so ungainly, crooked and scraggly that shapely plants cannot be made out of them, and in consequence they are totally unfit for the lawn and garden. Nearly all budded roses are grown on the wild Manetti rose stock; it is natural for this stock to go dormant or partially so during the winter, and therefore, when an everblooming variety is budded on this stock, it is bound to impair the blooming quality of the plant for quite a portion of the year; a rose grown on

Its own roots, very naturally, the roots and top will work in unison; this is an important point, especially on this coast or wherever roses can be kept in bloom the greater portion of the year.

Prices subject to change without notice after December 1.

PLEASE MAKE ALL ORDERS IN MULTIPLES OF TEN.

 ${\rm SPECIAL}\ {\rm NOTICE}{\rm --}{\rm The}\ {\rm prices}\ {\rm here}\ {\rm named}\ {\rm as}\ {\rm for}\ {\rm stock}\ to\ {\rm be}\ {\rm ship}{\rm -}{\rm ped}\ {\rm during}\ {\rm December}\ {\rm or}\ {\rm January}\ .$

The following prices will apply to not less than ten of a sort ordered. Less than ten strictly retail prices charged.

THREE per cent CASH DISCOUNT will be allowed for CASH WITH ORDERS BEFORE December first. No discount thereafter.

"C" Grade \$4.50 per 100 (not less than 100 sold.)

Orders cannot be booked in advance with any degree of certainty as to varieties for this grade. They will be packed up 20 in a bunch as fast as dug and will not be re-sorted thereafter. Therefore, if you order "C" grade, the varieties will be whatever we may happen to have.

Make all orders in multiples of ten for A and B grades and C grade in multiples of 20.

DO NOT OMIT ORDERING a good supply of the following varieties:

Glady's Harkness—One of the grandest roses in our Nursery. Countess of Gosford—Magnificient buds and immense cropper. General Mc Arthur—The "King Bee" in dark red for the garden. Madame Jenny Gillemot—The ideal buds and fine stems; grand color. MRS. AARON WARD: This rose must be seen to be appreciated; words cannot do it justice. Orange, copper, ruddy gold, salmon. Rhea Reid—You all know this rose by this time—or ought to. Wellesley—A truly grand rose of the La France type.

FLOWER SEEDS-

We have a few thousand packets of very fine seeds, including a large and very choice assortment of varieties

SWEET PEAS GIANT FLOWERING GERMAN PANSIES ASTERS-Mixed CALIFORNIA POPPY COSMOS HELIOTROPE IPOMEA LEMON VERBENA MIGNONETTE MORNING GLORY MORNING GLORY-Japanese

WE OFFER THESE ALL AT FIVE CENTS PER PACKET CASH

POTS-

We have in SURPLUS about FIFTY THOUSAND two and onequarter inch pots; they are in good condition though most of them have been used once. Price \$3.00 per thousand. Order early and make sure of some. Cash with order.

SPHAGNUM MOSS-\$3.00 per 100 lbs. (Bales weight about 100 lbs.) Cash.

HALF-TONE ILLUSTRATIONS (electrotypes) of ROSES.

We have about 150 of these made from original photos, and offer the same for sale in most cases below their cost to us. Send 25 cents in postage for a catalogue of these cuts.

If you desire a copy of our descriptive catalogue ,ask for it on a postal card.

These few testimonials from amongst hundreds we have received from time to time, came to us without solicitation on our part in any shape or manner whatever. The original letters are in our possession and we can supply the signature to each letter to any person interested and wishing to verify the matter.

He Says Our Roses Beat the World.

Everett, Wash., Feb. 19, 1911. California Rose Co.,

Pomona, Cal.

Gentlemen: Roses arrived yes, terday, and certainly well pleased with same, being the BEST STOCK we have got this year, both imported and this country grown.

Another Buyer Says Our Roses Are World Winners.

Tacoma, Wash., Feb. 22, 1911. California Rose Co.,

Pomona, Cal.

Gentlemen: The shipment of roses arrived O. K. In regard to stock sent, we wish to say we have never had stock to compare with this for value straight through, and wish that you would duplicate and ship to us at once per express. Spokane, Wash., Mar. 15, 1911 California Rose Co.,

Pomona, Cal.

New Braunfels, Tex. California Rose Co., Pomona, Cal.

Gentlemen: The roses were received in due time; all were in good condition.

El Paso, Tex. California Rose Co.,

Pomona, Cal.

Gentlemen: The roses received, and gave perfect satisfaction.

Reno, Nev.

Lalifornia Rose Co., Pomona, Cal.

Dear Sirs: I want to thank you for the fine roses you sent me. You wil surely get more orders from me in the future. Wishing you success, etc.

San Francisco, Cal, 1911. I have ordered so many of your roses and every one of them are doing so well that they are greatly admired by my patients when I bring them to my office. I live in a suburb in San Mateo Co., called Easton.

Hanford, Cal.

Just a word as to our past dealings with you. Last year I made up an order of about three dozen rose bushes, most of them for my own garden and wish to state that every bush grew and is doing fine. We also found them to be true to name; in fact the roses have been all we could ask for.

Petaluma, Cal. The roses came in fine shape and were very satisfactory. It occurs to me that it would be cheaper to buy roses of you than to grow them myself.

Fresno, Cal. I received from your house last spring 23 roses and all grew but one and they have all done fine and are satisfactory.

I have seen some of your rose plants and I think they are the best I ever saw. I would like your catalogue.

Mill Valley, Cal. My roses arrived in perfect condition. I wish to thank you for the choice varieties and the extra roses. Kansas City, Kans. California Rose Co., Pomona, Cal.

Gentlemen: Enclosed find draft. The roses were fine.

Baltimore, Md. California Rose Co.,

Pomona, Cal.

Gentlemen: The roses were very satisfactory; very much pleased .

Read This About Budded Roses-

San Francisco, Cal., Jackson St. I am going to throw out all my budded and grafted roses and replace with your field grown (own I have probably the root) stock. best and strongest budded rose plants ever seen as each one was selected by myself-but the result is the same-except in a few cases the finest bushes go to nothing in three years. I don't mind when my budded roses die the first year but it takes the d--n things three years to die.

Potter Valley, Cal. I enclose a small order for roses. We have had rose collections from you before and have **not been** disappointed.

Rosedale, Kans. When I received invoice of your shipment I wondered if the roses would not be frozen but they arrived in fine condition.

Brownsville, Tex. The express has just left a package of roses in excellent condition. You men are white; thank you.

Waxahachie, Tex. Ten years ago I bought from you one hundred roses and since then from time to time have ordered more from you. The past three years have been very dry in this part of Texas and so the last one of my beautiful roses succumbed to the drouth last September, I am reordering these I have found most beautiful.

Galveston, Tex.

I beg to enclose check for an order. I have been buying from you for ten years and always get splendid results and I shall always be ready to recommend your Rose Company to any one who deserves more than can be expected for their money. Los Angeles, Cal.

We desire to compliment you on the quality of stock you sent us, as the roses are far ahead of any other stock that we received this year.

Grand Junction, Colo. The roses arrived yesterday in fine condition. They were inspected as the State law requires and only one plant discarded out of the thousand sent. Am well pleased with the stock and condition in which it arrived; fourteen days on the road.

Bryan, Tex. You will remember my mishap of the "roasting" of the first lot of roses you sent me. The duplicate lot you sent me came in extra fine condition; they are growing right along; all have nice buds on. We are proud of them and thank you sincerely for your most prompt and honorable course in the matter. They look much better than the roses ordered by ______ elsewhere.

McGowan Ave, Houston, Tex. Many thanks for the roses; arrived in fine condition. I have 200 rose bushes and if it were not so late in the season would grub them all up and replace with yours. I am "tickled to death" over them.

Spokane, Wash. The roses came in first class shape; the only objection I had was that they did not last—as I did not have near enough to supply the demand.

Freehold, N. J.

I have come again for more roses, as yours are the very best I can buy.

St. Paul, Minn.

San Francisco, Cal., Belvedere St. First I want to praise the rose bushes you sold to me last season: they are without exception the best plants I have in my garden—better than any I have bought anywhere. Sour Lake, Tex.

The roses came in splendid condition; the finest I ever saw; I am delighted with them. I tried your roses in west Texas and they were just the grandest roses I ever saw.

Fort Worth, Tex.

I received roses today and very much pleased.

Palestine, Tex. All of the roses I now have are those which I have purchased from you. I have bought roses all over the United States and I invariably recommend my neighbors to buy altogether from you.

Shreveport, La. Enclosed is a check and a list of roses I want I like your roses better than any I have ever had; they are the most satisfactory in every particular and I think I am a judge as I have grown roses for over fifty years. I have bought from all the principal rose growers in the United States.

Lindale, Tex.

California Rose Co.,

Pomona, Cal.

Gentlemen: I received the roses all right the 6th of March; some of them are putting out already. I have bought lots of roses all my life, but the last I received from your Nursery were the finest I ever did get.

Puyallup, Wash., Jun. 1, 1211. California Rose Co.,

Pomona. Cal.

Gentlemen: From the 28 Rose Bushes you sent me last spring I have 27 growing bushes; 17 of them have buds—and there is still hope for the 25th; that's "going some." California grown roses and Washington climate make an unbeatable combination.

Yours truly,

THOS. P. CANTWELL.

Took the Prizes Against 3,000 Entries.

Tacoma, Wash., Jun. 27, 1911. California Rose Co.,

Pomona Cal.

Gentlemen: I ordered some roses from you three years ago, and am glad to report to you in a rose show here with 3,000 entries I got **first prize**. I entered five varieties.

Salt Lake City, Utah, 10th ave. I have sent you many customers in the last three years, and they have all been a success. Thousands of people come to view the roses on my house and to see my garden which is pronounced the prettiest place in Salt Lake-all California roses.

We have purchased from-

. (eastern firms and others) but nothing could touch vour roses.

Temple, Texas, Apr. 28, 1911. California Rose Co.,

Pomona, Cal

Gentlemen: The order of Roses which you shipped me this spring are now blooming. Beyond all question they are the finest roses that we have ever seen. All of them are living, having put forth a splendid growth and are covered with the most beautiful and splendid roses imaginable. We are sure that you will be glad to know that we are highly pleased and you may expect from us another order next spring.

Fort Smith, Ark. California Rose Co.,

Pomona, Cal.

Gentlemen: Illness has prevented my writing sooner, telling you the last shipment of roses reached me in good condition, and I thank you very much for your kindness. I have 200 roses in my garden. I have bought roses from the North, East and South but your roses have given better satisfaction than from any other place.

Salt Lake City, Utah. California Rose Co.,

Pomona, Cal.

Gentlemen: Enclosed find money order in payment for roses, as we have tried your roses before and they have given us perfect satisfaction.

California Rose, Co., Pomona, Cal.

Dear Sirs: The two dozen roses which I ordered from you in the winter are fine specimens and I want to advertise your roses. Please send your rose catalogue to the following:

Los Angeles. Cal. California Rose Co., Pomona Cal.

Gentlemen: In March I received an order of roses from you and I wish to compliment you on the showing they have made. Since then I have bought several roses from florists-roses which were established in pots. Yours were slow in starting, but at present writing they have developed into larger. healthier bushes and have given me four times the satisfaction and number of blossoms that the others have. In the future I shall stick to your roses.

St. Paul, Minn. California Rose Co., Pomona, Cal.

Gentlemen: 'The bushes received from you this spring have done better than any other I have ever planted; produced during the summer the finest roses-much to my surprise.

Dug 'Em All Up but Ours.

Mill Valley, Cal. California Rose Co.,

Pomona, Cal. Gentlemen: I have dug up all roses with the exception of those from your company. When I have finished I will have a complete rose garden. Encl der and order. Enclosed find money or-

Rockdale, Tex.

The roses came in due time and in first-class condition; I don't believe I ever saw such nice healthy rose bushes any where.

The Express Company Gives The Following Rates:

as in effect at this time. These rates cover territory enough so that a buyer can closely estimate charges, regardless of where he lives.

You can secure rates from your local railroad agent.

In ordering please always state whether you wish express or freight shipment. And about when you want shipment made.
